FloorFX™

INVENTIVE SURFACE SOLUTIONS

PRODUCTS & CORE COLOR COLLECTION

Inspired | Innovative | Refined: Floor Solutions for Living Spaces

The FloorFX collection of flooring products introduces a new definition in style and function for virtually any flooring environment. FloorFX's innovative products solve complex challenges in simple and cost effective ways. Whether the challenge is superior sound mitigation between floors in an apartment complex, forgiving barefoot walking comfort, insulation and sound absorption in a hotel room, or fall impact absorption in an assisted care patient room, FloorFX floors offer solutions that simply make design, functional and financial sense.

ULTRA RLX™ is a revolutionary loose lay flooring that requires no adhesive or clicking system. The ULTRA RLX™ high-density rigid core offers superior horizontal and vertical stability. Acousti-grip™ is an integrated sound mitigating backing with superior gripping characteristics, adheres to almost any subfloor system without adhesive.

AscendXD™ changes the rules of high density rigid core flooring. Its advanced polyvinyl core is more than twice as dense as traditional WPC/PVC cores and is the foundation of this highly stable, damage resistant, and cost effective floor solution.

Repose Solid Loose Lay Vinyl™ combines a fiberglass-reinforced solid vinyl structure with a straight edge profile for enhanced stability, durability. and ease of installation.

PerformX Luxury Vinyl Flooring™ is the standard for quality, sustainability and durability in solid vinyl flooring. It's advanced ceramic bead finish ensures brilliant color and pattern definition, superior scratch and scuff resistance, and low maintenance.

Additional product details and information on new products can be found at www.floorfx.com.

fresh ideas | endless possibilities

Product & Features Summary

PRODUCT DETAIL

PRODUCT CONFIGURATION
Engineered High-density (Rigid) Core

CONSTRUCTION
4.5mm, 5.2mm, or 6.0mm

WEAR LAYER
12 mil/0.3mm, or 22 mil/0.5mm

FINISH
UV-Urethane with Ceramic Bead

COLOR
FloorFX Film Library

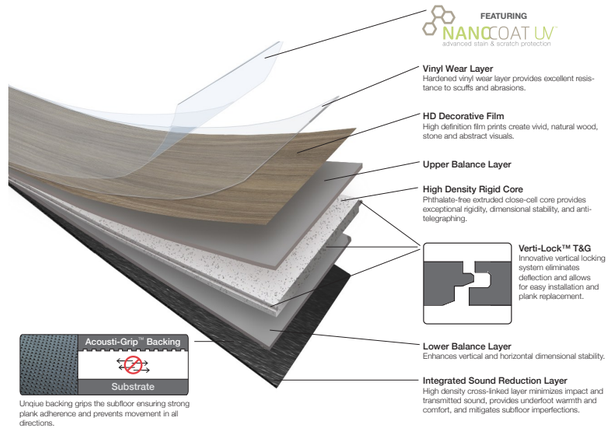
SIZE
Standard: 6" x 48" / 12" x 24"
Custom Sizes: 4" x 36", 7" x 48", 9" x 48", 9" x 60", 18" x 36"

INSTALLATION METHOD
Glue-down

WARRANTY [12 MIL]
Limited 7 Year Light Commercial

ENVIRONMENT
100% phthalate-free

SUGGESTED APPLICATIONS
Apartments
Condominiums
Hospitality
Assisted Living
Offices



INNOVATIVE DESIGN

- Multi-layered structure provides the perfect blend of rigidity, flexibility, performance and comfort
- Special formulated core offers superior horizontal and vertical stability
- Acousti-Grip™ backing adheres to almost any subfloor system without adhesive
- Verti-Loc™ tongue and groove system holds planks in place without a click mechanism.
- High performance cushion layer mitigates sound transmission and adds comfort including anti-fatigue and fall impact properties
- NANOCOAT UV™ top finish offers highly advanced protection against stains, sharp object scratches, and abrasion caused by hard dirt particles and sand

SUPERIOR PERFORMANCE

- Up to 40% more resistant to indentation than leading LVT and WPC floors
- Up to three times faster to install than other flooring products with minimal to no adhesive required
- Can be installed over subfloors with up to 95% moisture
- Excellent sound mitigating performance— meets or exceeds 50 IIC/STC over most floor/ceiling assemblies
- Simple single-plank replacement on any part of the floor
- Install under cabinets, plumbing fixtures, and other objects fastened through the floor
- Odorless and resists mold and mildew

PRODUCT CONFIGURATION
High-density (Rigid) Core Flooring

CONSTRUCTION
4.5mm Core Layer
1.0mm Attached Acoustical Layer
5.5mm Overall Thickness

WEAR LAYER
Standard: 12 mil/0.3mm
Custom Wear Layers: 22 mil/0.5mm

FINISH
UV-Urethane with Ceramic Bead

COLOR
FloorFX Film Library

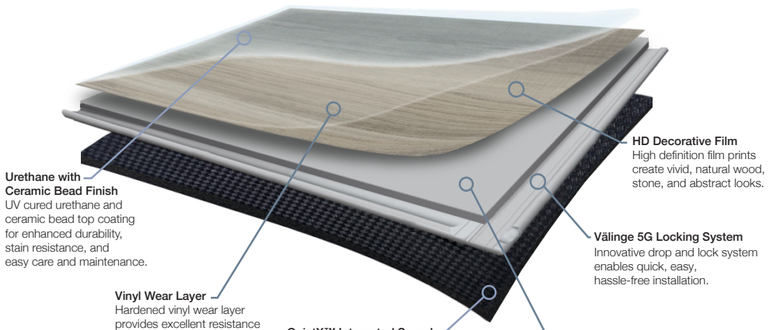
SIZE
Standard: 6" x 48"
Custom Sizes: 6" x 36", 7" x 48", 9" x 48", 9" x 60", 12" x 24"

INSTALLATION METHOD
Drop and Lock (Välinge 5G)

WARRANTY [STANDARD CONFIGURATION]
Limited 7 Year Light Commercial
Limited 20 Year Residential

ENVIRONMENT
100% phthalate-free
100% recyclable

SUGGESTED APPLICATIONS
Residential Homes
Apartments & Condominiums
Hospitality
Assisted Living
Commercial Spaces



INNOVATIVE DESIGN

- XD core more than twice as dense than competing WPC products
- High density rigid core technology enables installation over existing hard surfaces or uneven floors without telegraphing, ripples, or waves
- Designed with the Välinge 5G locking system to enable a quick, easy, hassle-free installation
- UV-urethane with ceramic bead finish creates a high scratch and stain resistance surface
- UV-cured finish for color fastness
- 4-sided micro-bevel
- Underlayment is resistant to mold, mildew and is odorless

COST EFFECTIVE

- Waterproof, lifeproof, and easy to install
- Easy care and maintenance

SUPERIOR PERFORMANCE

- Constructed on a single, homogenous layer creating unparalleled strength, dimensional stability, and resistance to indentation
- Naturally quiet, comfortable floor. Attached underlayment delivers a powerful sound mitigation rating of 70 IIC

ENVIRONMENT

- 100% phthalate-free
- 100% virgin vinyl
- Recyclable

CUSTOM CONFIGURATION OPTIONS

- Available in a variety of shapes and styles
- Styles and patterns offer striking and authentic visuals

Product & Features Summary

PRODUCT DETAIL

PRODUCT CONFIGURATION
Solid Loose Lay Vinyl

CONSTRUCTION
5.0mm Solid Vinyl Flooring

WEAR LAYER
Standard: 22 mil / 0.5mm
Custom Wear Layers: 12 mil/0.3mm, 30 mil/0.7mm

FINISH
UV-Urethane with Ceramic Bead

COLOR
FloorFX Film Library

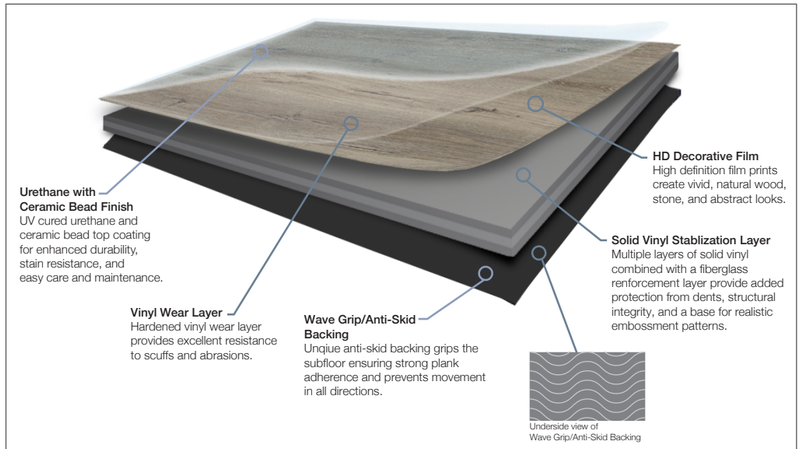
SIZE
Standard: 7" x 48" / 12" x 24"
Custom Sizes: 9" x 48"

INSTALLATION METHOD
Loose-Lay/Perimeter Glue

WARRANTY [STANDARD CONFIGURATION]
Limited 15 Year Light Commercial
Limited 10 Year Commercial

ENVIRONMENT
100% recyclable

SUGGESTED APPLICATIONS
Residential Homes
Apartments, Condominiums
Hospitality
Health Care
Commercial



INNOVATIVE DESIGN

- UV-urethane with ceramic bead finish
- UV-cured finish for color fastness
- High scratch and stain resistance
- 4-sided micro-bevel
- Integrated fiberglass reinforcement layer for greater dimensional stability
- Installs easily over most existing hard surface floors

SUPERIOR PERFORMANCE

- Unique anti-skid backing grips the subfloor, ensuring strong plank adherence, stability, and prevents movements in all directions
- Naturally quiet, comfortable floor. Mitigates impact and sound transmission without additional underlayment
- 100% waterproof
- Anti-fatigue characteristics

COST EFFECTIVE

- Up to three times faster to install than other vinyl flooring products
- Minimal to no adhesive required
- Simple plank replacement & repair
- Can be easily removed and reused elsewhere without damage to the subfloor, making renovations less expensive and quicker.
- Easy care and maintenance

ENVIRONMENT

- 100% virgin vinyl
- Recyclable

CUSTOM CONFIGURATION OPTIONS

- Available in a variety of shapes and styles
- Styles and patterns offer striking and authentic visuals
